

Ergo-Boost

Monitor Arm

Smooth, precise, flexible

The Ergo-Boost Monitor Arm lets users work in comfort all day long. Its gas spring system allows monitors to be moved with precision and the extended reach offers exceptional ranges of height and width adjustment. This means the arms can accommodate different working postures, as well as a wide range of monitor sizes. They are available in single and double configurations.

Why choose the Ergo-Boost Monitor Arm?

Smooth, accurate movement

The arms can be adjusted with ease, allowing users to work in comfort all day long.

Integrated cable management

Integrated cable management along the arm and the base mean wires are kept neat and tidy.

Flexible

The flexible arms offer a wide range of vertical and horizontal adjustment, suiting them to even the widest of monitors. They can accommodate monitors between 17-32".

Future-proof

Each arm can hold monitors weighing between 1 – 9kgs, which means that they can adapt to new monitors in the future.

Fixes to most worksurfaces

C-clamp and Bolt Through mounting are both included as standard. The mounts can be adjusted to worksurfaces of 10mm – 80mm thick.

Peace of mind

5 years warranty, for peace of mind.

Ergo-Boost has several unique and user-friendly features:

Integrated cable management on arms and base

Gas spring counterbalance

180° rotation stop prevents excess movement

Integrated USB sockets

Quick connect VESA mount with lock

Counterbalance adjustment

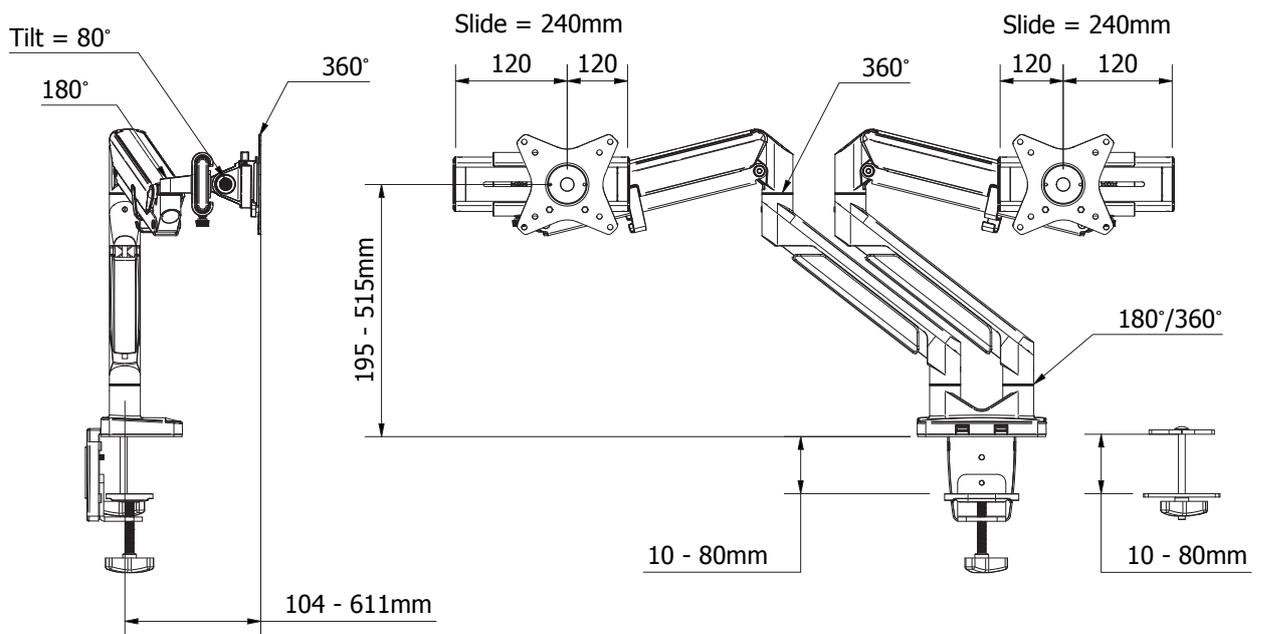

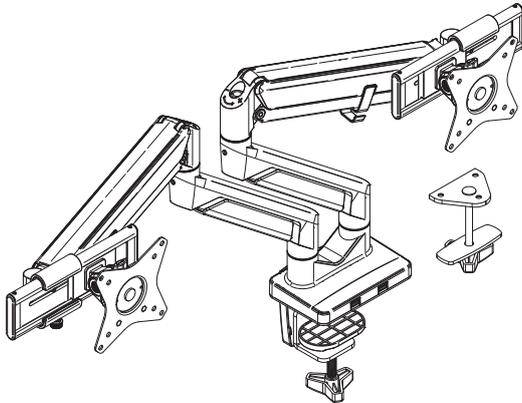

Low profile double hub base. Silicone padding prevents movement, while protecting the desktop from scratches

Ergo-Boost sliders give total flexibility over viewing distance with no compromise on monitor alignment.

Technical Specifications

Double Monitor Arm

Monitor arm	Weight range	Maximum vertical reach	Maximum horizontal reach	Rotation	Tilt
GA02S-BTCC	1 - 9kg	515mm	576mm	180° +/- 180° -	40° +/- 40° -
Colours available:			Construction		
Black/Space Grey (BK)		White/Silver (WT)	Aluminium, plastic and steel		

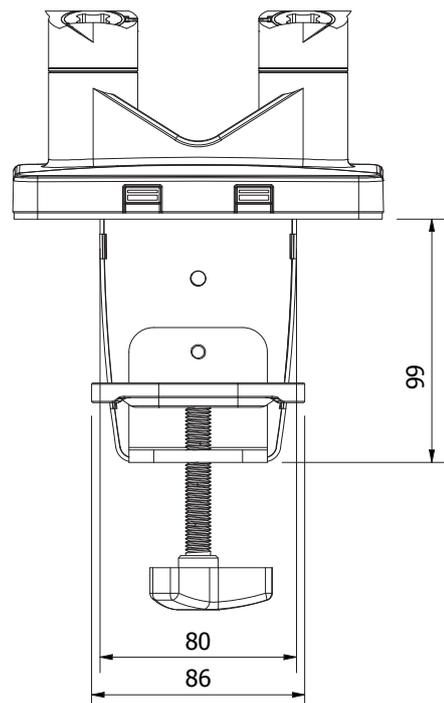

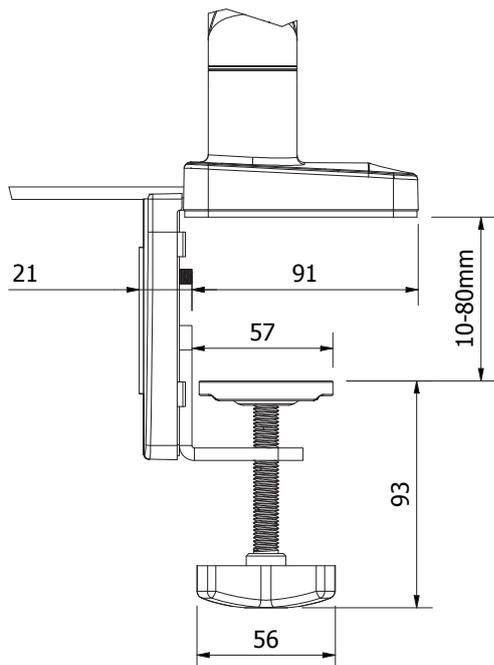

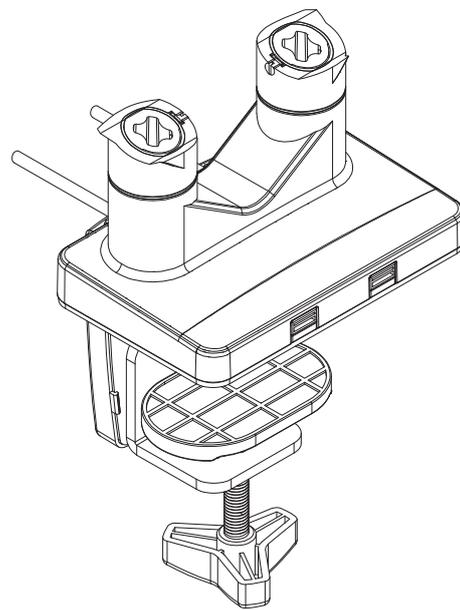

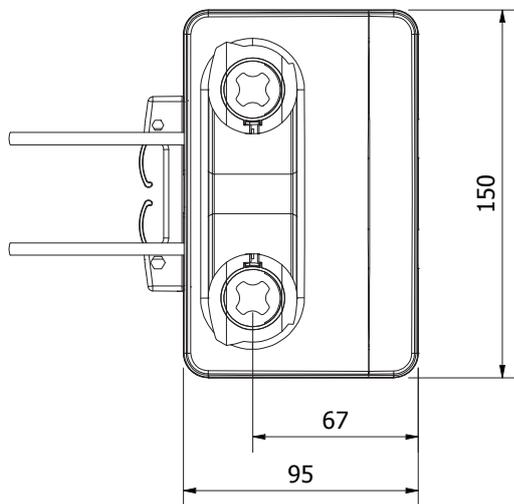

Technical Specifications

Double Monitor Arm BTCC

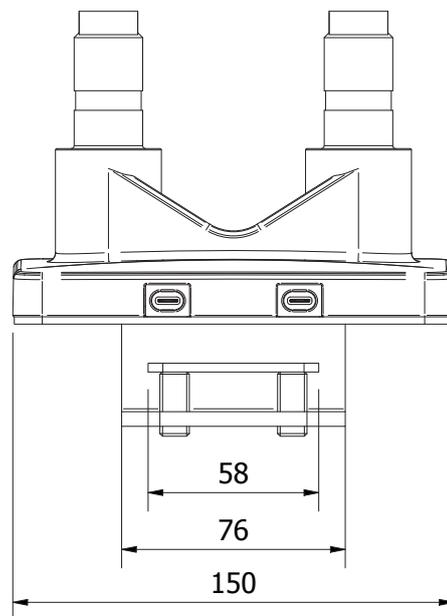

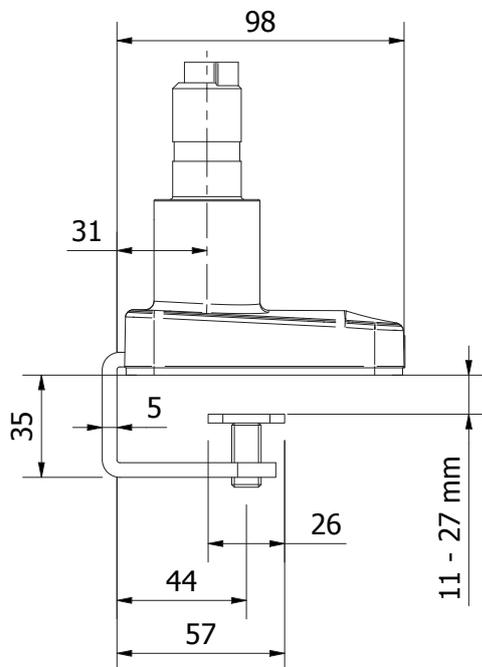

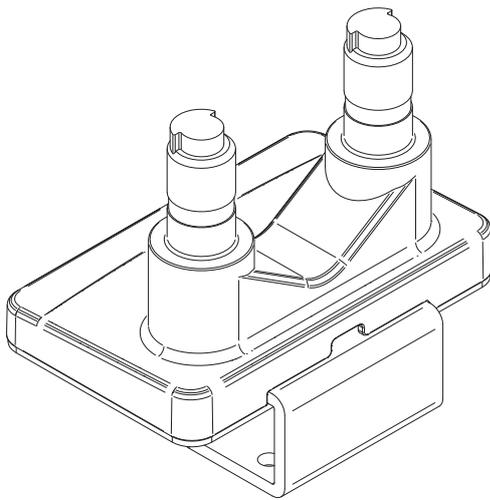

BTCC included as standard

Technical Specifications

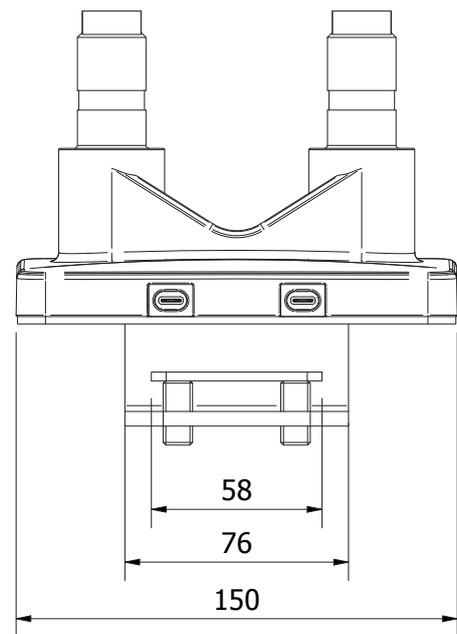

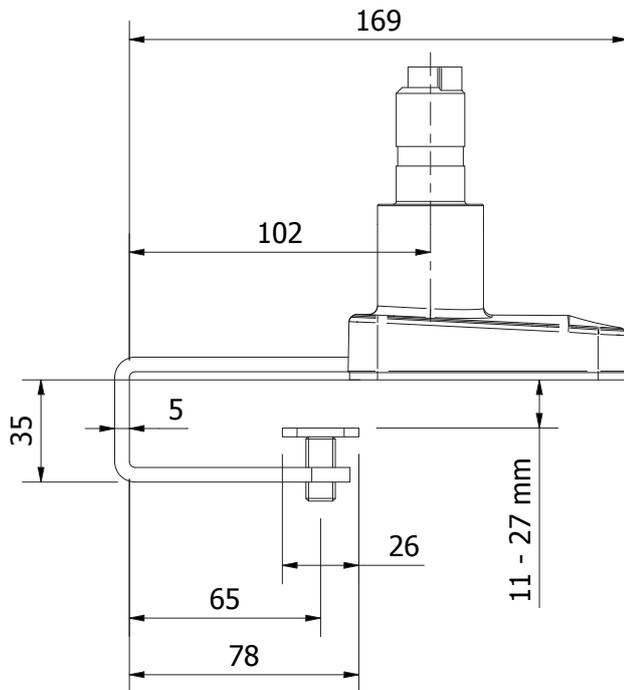

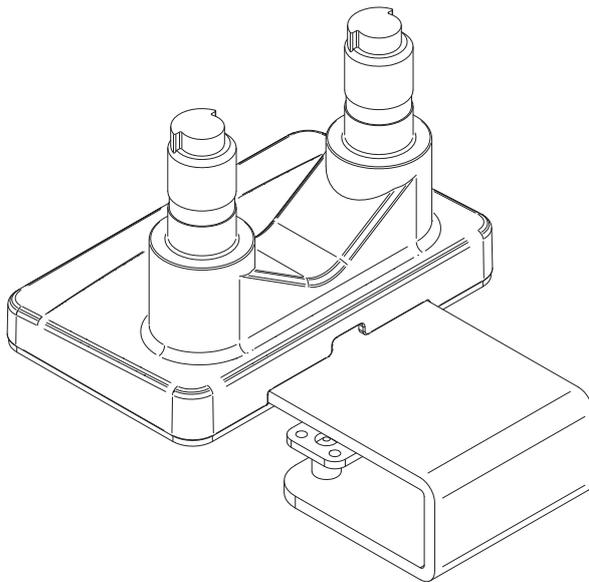

Option: Double Monitor Arm GSMA-015BK

Product Code	Description
GSMA-015BK-FA	Mini Clamp for Ergo-Boost (Desktop thickness 11-27mm)

Technical Specifications

Option: Double Monitor Arm GSMA-019BK

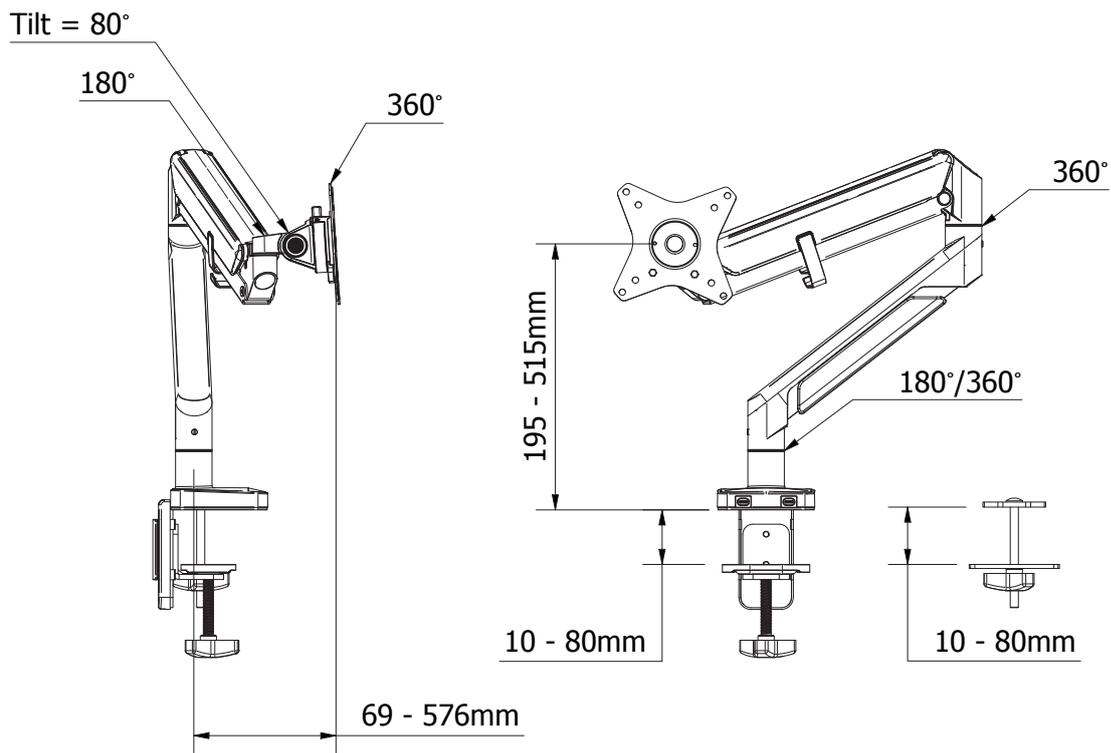

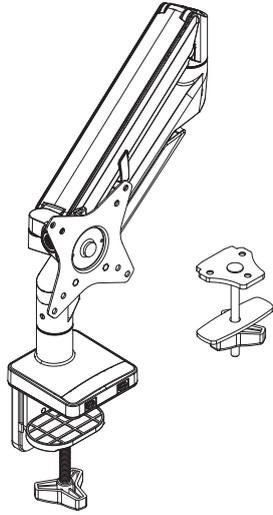

Product Code	Description
GSMA-019BK-FA	Extended Mini Clamp for Ergo-Boost (Desktop thickness 11-27mm)

Technical Specifications

Single Monitor Arm

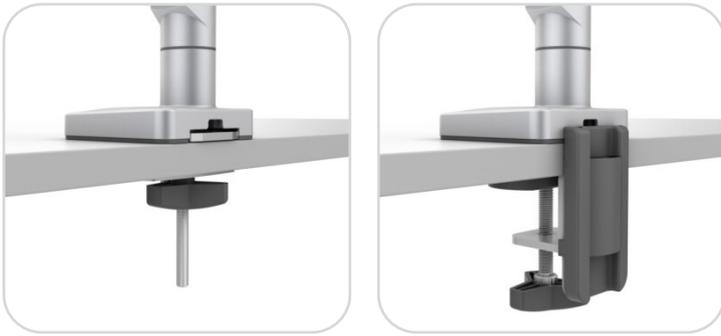

Monitor arm	Weight range	Maximum vertical reach	Maximum horizontal reach	Rotation	Tilt
GA01-BTCC	1 - 9kg	515mm	576mm	180° +/- 180° -	40° +/- 40° -
Colours available:			Construction		
Black/Space Grey (BK)		White/Silver (WT)	Aluminium, plastic and steel		

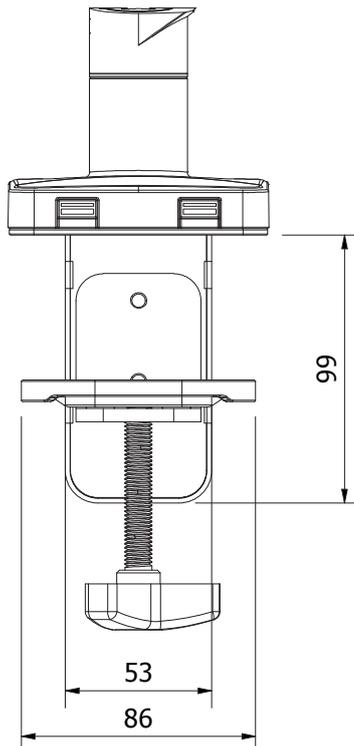

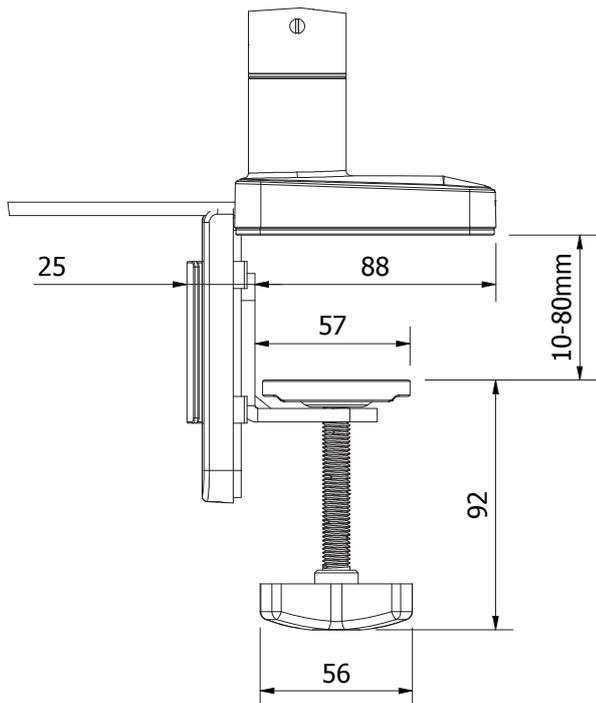

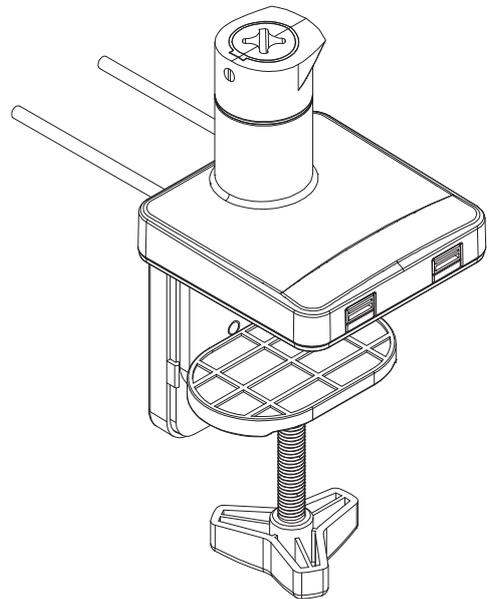

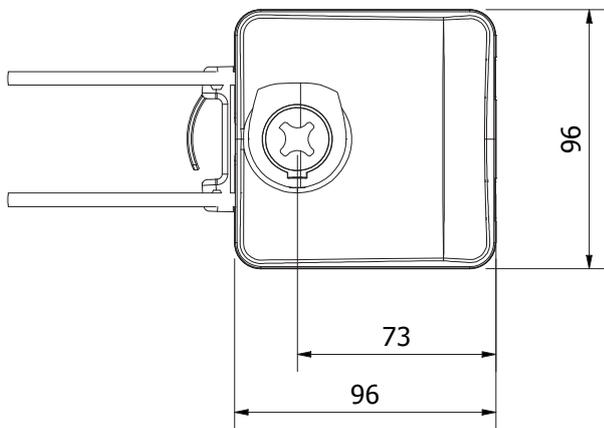

Technical Specifications

Single Monitor Arm BTCC

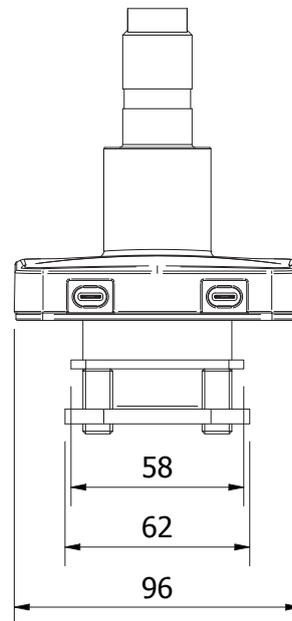

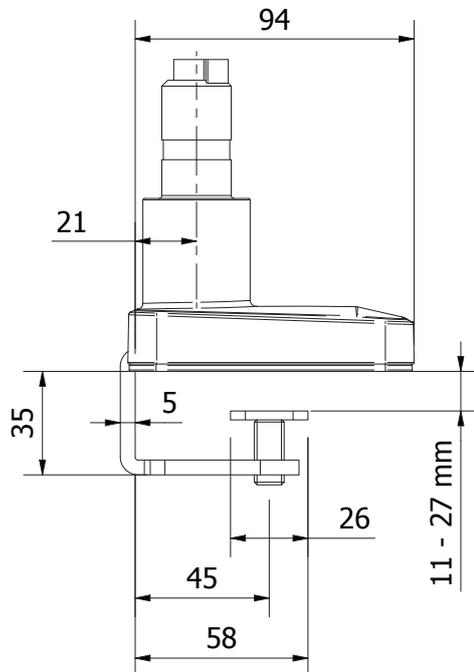

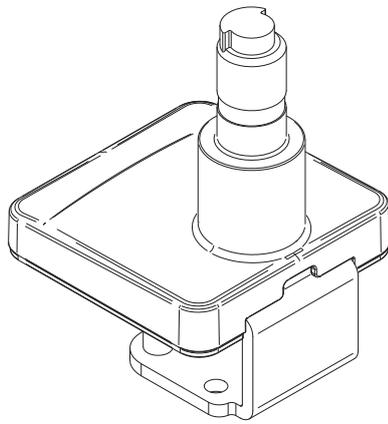

BTCC included as standard

Technical Specifications

Option: Single Monitor Arm GSMA-014BK

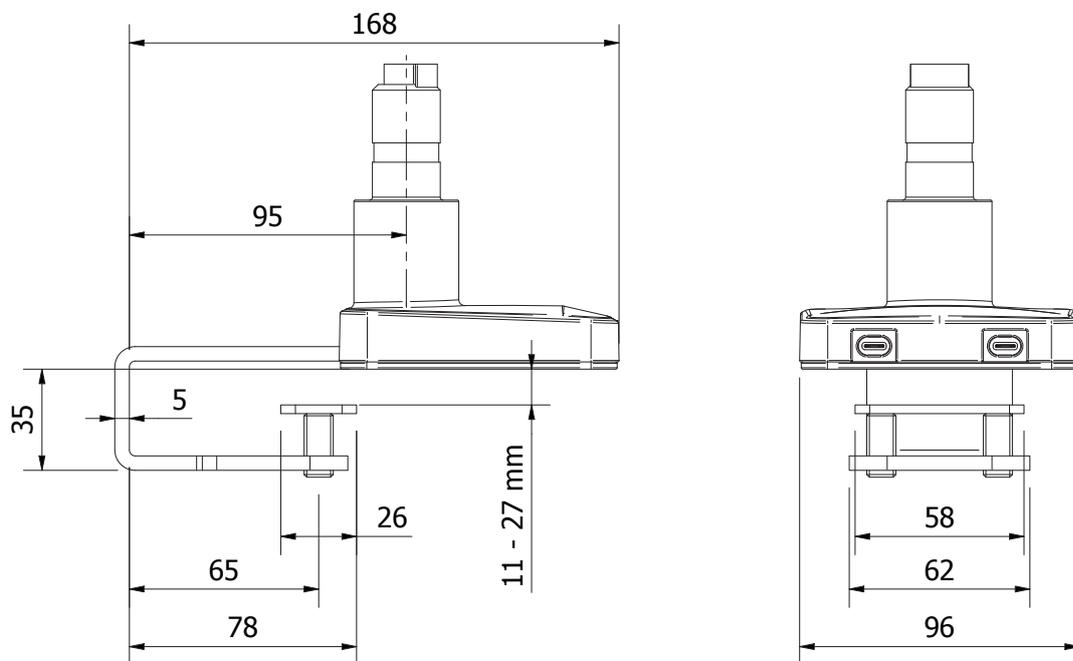

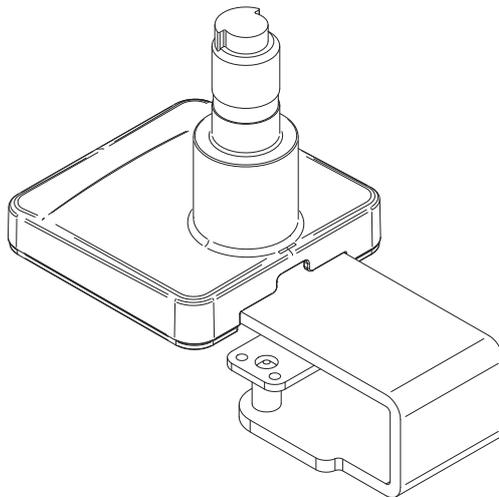

Product Code	Description
GSMA-014BK-FA	Mini Clamp for Ergo-Boost (Desktop thickness 11-27mm)

Technical Specifications

Option: Single Monitor Arm GSMA-018BK

Product Code	Description
GSMA-018BK-FA	Extended Mini Clamp for Ergo-Boost (Desktop thickness 11-27mm)
