

Jumbo Storage

The Jumbo storage box provides the perfect solution for office workers who need the flexibility to hot desk, co-work, or just be free to move from one location to another within the office, taking all of their essential work-related tools and personal items with them. Jumbo has been designed to be stored in a personal locker when not in use, but it can just as easily be taken home or to another work location.

Jumbo is designed to hold and transport a multitude of work and personal items, offering ample space for anything from paper clips, pens and pencils to tablets and items of clothing.

The perfect storage solution

Jumbo is unique in offering a 360-degree lip that can be lifted from any position and gives the box exceptional rigidity. It also has removable organiser trays so that work-related items can easily be removed and conveniently accessed from the work area.

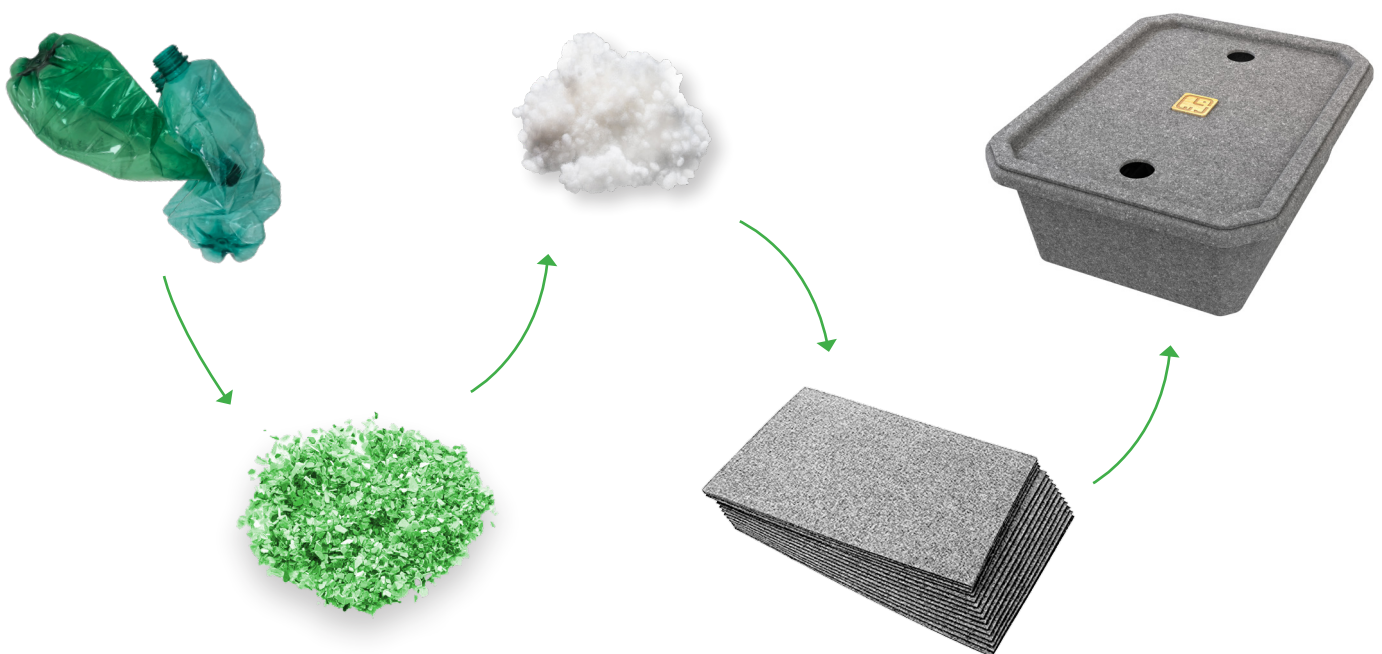

Key Features

- Sustainably constructed from recycled PET
- Rigid, lightweight and almost unbreakable
- Simple to clean and maintain, offering a long lifespan
- Room to store a wide variety of work tools and personal items
- Comes with a strong lid and removable organiser trays
- Easy and convenient to transport
- Stackable
- Can be ordered in a variety of colours*
- Can safely hold up to 5kgs
- Supplied in cartons of 5
- Optional desk mounting kit and lock – sold separately

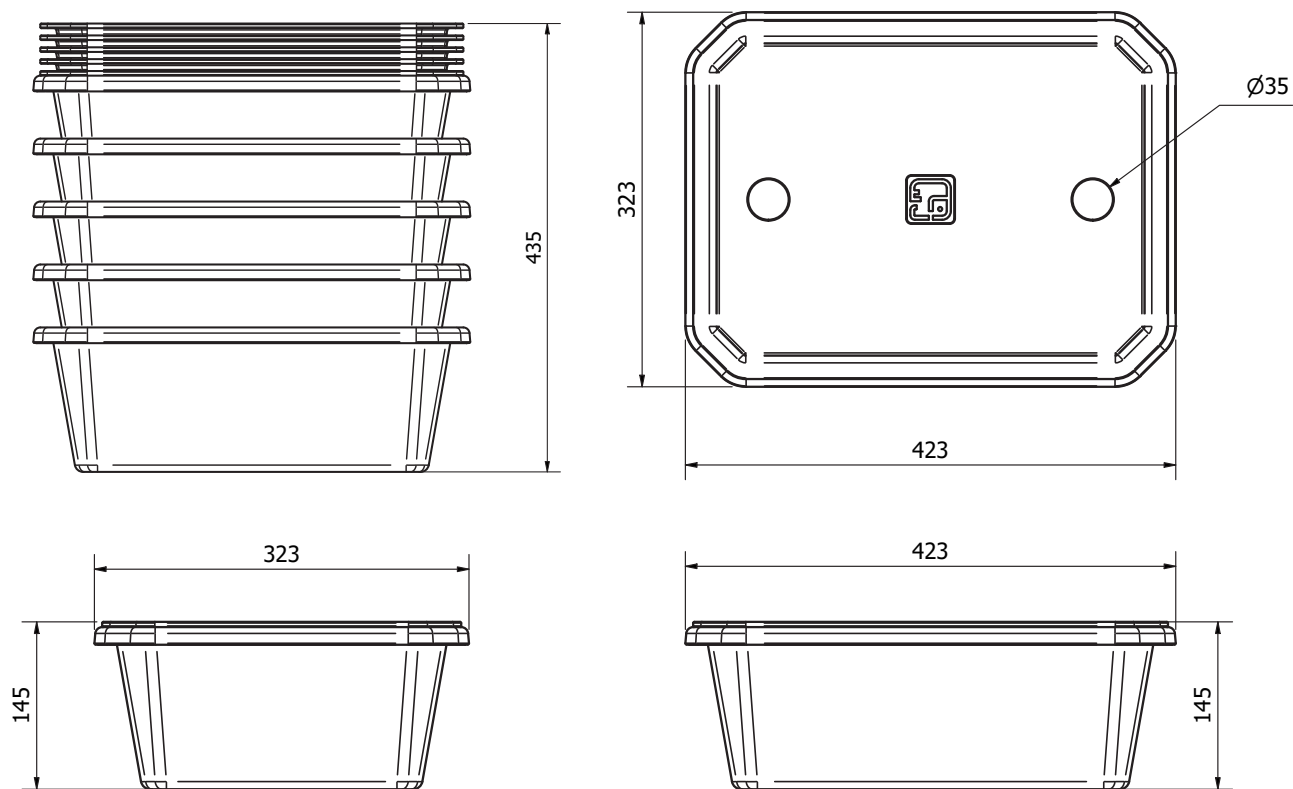

Sustainability

Constructed entirely from sustainable and recycled materials, Jumbo offers a robust, tough and lightweight storage option. Jumbo will provide many years of worry-free use as the material does not tear, shatter, split or crack. It resists stains, can be cleaned and does not scratch easily. At the end of its useful lifespan, Jumbo can be ground down and recycled into another PET-based product.

Technical Specification

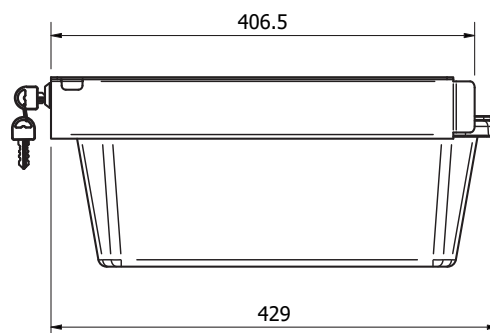

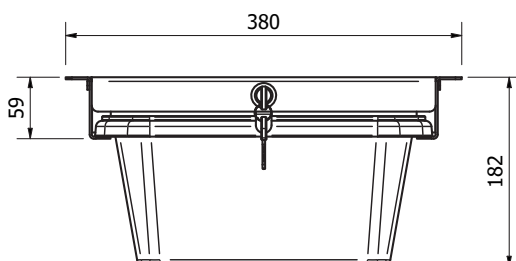

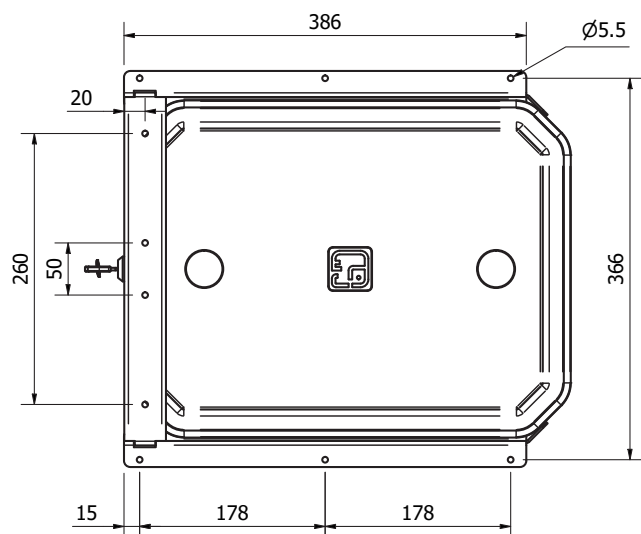

Product Code	Description
STOR-220DG	Jumbo Storage Box – Dark Grey (supplied in cartons of 5)
STOR-215DG	Jumbo Storage Box – Dark Grey (single box – for samples only)

Optional Extras - Mounting Kit One

Jumbo can be ordered with an optional desk mounting and lock kits to store belongings safely and securely when workers leave the workplace for breaks, etc. It also keeps the box and any unused items off the desktop to maximise their working space.

Kit One takes up the minimum amount of desk width, freeing up more leg space for the user.

Product Code	Description
STOR-214BK	Jumbo Storage Box Mounting and Lock Kit

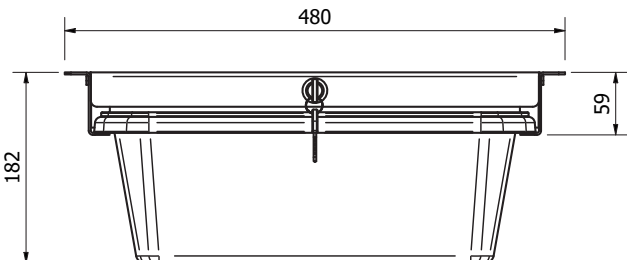

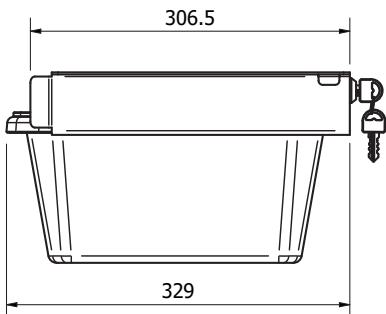

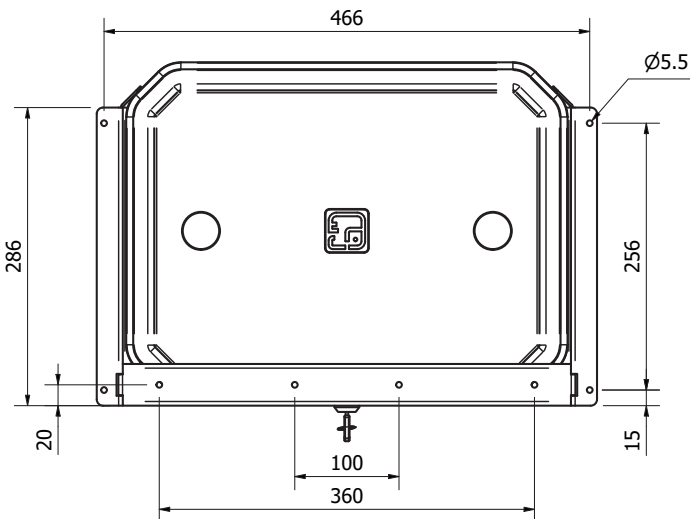

*Jumbo storage box sold separately

Optional Extras - Mounting Kit Two

Jumbo can be ordered with an optional desk mounting and lock kits to store belongings safely and securely when workers leave the workplace for breaks, etc. It also keeps the box and any unused items off the desktop to maximise their working space.

Kit Two is designed when beams beneath the work surface limit the amount of depth available to fit the slide rails.

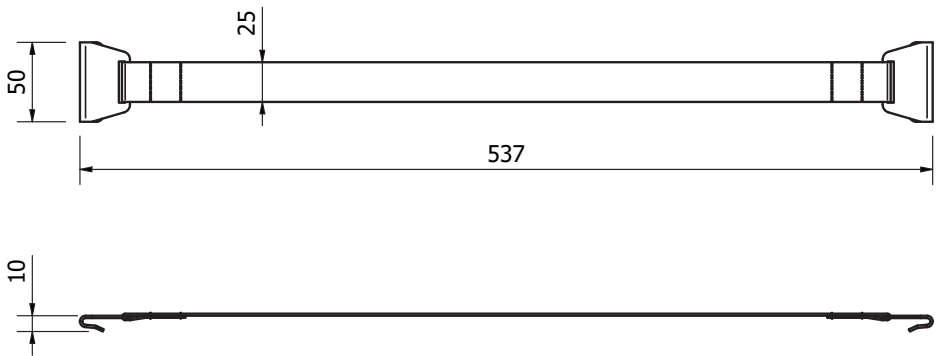

Product Code	Description
STOR-226BK	Jumbo Storage Box Side to Side Mounting and Lock Kit

*Jumbo storage box sold separately

Optional Extras - Jumbo Carry Strap

Jumbo can be ordered with an optional Nylon webbing carry strap. Two steel hooks provide a quick, simple and secure method of attaching the carry strap to the main box. When not in use, the handle can be easily removed and stored inside Jumbo.

Product Code	Description
STOR-235BK	Jumbo Storage Box Carry Strap

**Other colours available upon request and subject to a minimum order quantity
